

## Capricorn Partners prepares its future further with a restyled logo and a new website

At the start of this new year, Capricorn Partners is excited to present its restyled logo and new website: [www.capricorn.be](http://www.capricorn.be).

Since merging with Quest Management in 2012, obtaining a licence as an authorised AIF manager in 2016 and implementing a partnership structure since 2018, Capricorn Partners has grown into an established manager of investment funds investing in both listed and private companies. With an experienced investment team, the group focuses on the themes of Digital, Health and Cleantech and on the economic bridge between Europe and China ("Capricorn Fusion"). Capricorn Partners invests in innovative European technology companies and manages a portfolio of over € 600 million.

With our new logo and visual identity, we are highlighting our focus on technology, responsible investing and diversity in our investment strategy.

The logo reflects the culture and history of Capricorn Partners. It reflects our core task of making the right investment decisions in a disciplined manner based on a sustainable investment strategy with a team in which knowledge, experience and diversity are key.

The public funds managed by Capricorn, primarily Quest for Growth, will be included in this new corporate identity. Quest for Growth's logo is being renewed for the first time since its IPO in 1998. This new logo also alludes to the specific characteristics of Quest for Growth, namely the search for interesting investment opportunities based on thorough analysis. The logos of Quest Cleantech Fund and Quest+, the SICAVs of which Capricorn Partners is investment manager and marketing agent, will also be adapted to the new style.

The new website has been created using a modern design in perfect harmony with our new visual identity. A simple layout of the various funds, more attention for ESG (environmental, social & governance) aspects and contact options via the website should bring us even closer to our investors and companies. The websites of Quest for Growth, Quest Cleantech Fund and Quest+ will be integrated into this design whilst continuing to be directly accessible through their own addresses. [www.questforgrowth.com](http://www.questforgrowth.com), [www.questcleantechfund.com](http://www.questcleantechfund.com) and [www.quest-plus.com](http://www.quest-plus.com).

In short, at Capricorn Partners we are passionate and enthusiastic about our ongoing evolution, and we are delighted to see this reflected in a restyled identity, logo and website that are perfectly aligned with our vision for the future.

### **About Capricorn Partners**
